# 2015 Summer Simulation Multi-Conference

The 2015 Summer Simulation Multi-Conference (SummerSim '15) is SCS's premier international conference. The conference focuses on modeling and simulation, tools, theory, methodologies and applications and provides a forum for the latest R&D results in academia and industry. The SummerSim conference provides a forum for academia, industry, business, and government covering a wide variety of disciplines and domains that utilize M&S technology to present their work in a unique setting.

Below is a sampling of topics that may be covered:

- Modeling, Simulation, and Test for Cyber Physical Systems
- Agent-Directed Simulation
- M&S for Intelligent, Adaptive and Autonomous Systems
- Emergency Management Simulation
- M&S in Medicine
- Work in Progress
- M&S for Sustainability
- SPECTS

**General Chair:** Saurabh Mittal, Dunip Technologies

For more information on registration dates and paper submission deadlines, visit [scs.org/summersim](http://scs.org/summersim).
